

Foreword to the Book on Commodity Exchanges in India by P.G. Salvi

FOREWORD

I am glad to respond to the request of Mr. SALVI to write a few words by way of introduction to his book on the Commodity Exchanges in India. It is obvious that his work if it is not a pioneering work is a more exhaustive piece of work than any that has so far appeared in the field. In nine chapters, he has examined the commodity exchanges in all their aspects and has thrown great light on an obscure subject. The subject of commodity exchanges is closely related to agriculture. India is an agricultural country and yet very little attention is paid to that subject. Those who are interested in the betterment of the agriculturists of India cannot but welcome the appearance of this comprehensive and instructive study.

Bombay,

29th December 1946
